Re: Westar Energy Consent Decree (Civ. Action No. 09-CV-2059)
Semi-annual Progress Report

Dear Mr. Knodel:

Attached hereto for your review is the Periodic Progress Report of Westar Energy, Inc. This report is submitted in compliance with Paragraph 113 of the Consent Decree in the above matter.

This Periodic Progress Report covers the period beginning March 26, 2010 (entry date of the Consent Decree) through June 30, 2010. This Periodic Progress Report has been certified by Westar Energy Inc.'s Designated Representative, John Bridson, who is the Responsible Official under the Title V Program for our Acid Rain Program Affected Sources.

Should you have any question regarding this Progress Report, please do not hesitate to contact me at 787-575-1614 or e-mail me at Dan.R.Wilkus@westarenergy.com.

Sincerely,

WESTAR ENERGY, INC.

Daniel R. Wilkus, P.E.

PERIODIC REPORT OF WESTAR ENERGY, INC.
PURSUANT TO PART XI OF THE CONSENT DECREE
ENTERED IN CIVIL ACTION NO. 09-CV-2059
FOR THE PERIOD MARCH 26, 2010 THROUGH JUNE 30, 2010

Westar Energy, Inc. ("Westar") submits this Progress Report pursuant to Section XI of the Consent Decree entered in *United States of America and State of Kansas v. Westar Energy, Inc.*, Civil Action Number 09-CV-2059. This Progress Report covers the period beginning March 26, 2010 (entry date of the Consent Decree) through June 30, 2010 (the "Report Period").

In accordance with Paragraph 113, Westar must provide the following information in this Periodic Report.

- a. *All information necessary to determine compliance with the requirements of the following paragraphs of the Consent Decree: Paragraphs 50 through 68 concerning NO_x emissions monitoring, and the surrender of NO_x Allowances; Paragraphs 69 through 81 concerning SO₂ emissions and monitoring, and the surrender of SO₂ Allowances; and Paragraphs 82 through 87 concerning PM emissions and monitoring. Westar shall include in these reports all data for which the bias adjustment factor has been excluded pursuant to Paragraphs 67 and 80;*
 - b. *All data recorded by the PM CEMS as required by Paragraph 91, and all period of monitor Malfunction, maintenance, and/or repair as provided in Paragraph 88;*
 - c. *All information relating to Super-Compliance NO_x and SO₂ Allowances that have been generated in accordance with Paragraphs 64 and 76 through compliance beyond the requirements of the Consent Decree;*
 - d. *All information indicating that the installation and commencement of operation for a pollution control device may be delayed, including the nature and cause of the delay, and any steps taken by Westar to mitigate such delay; and*
 - e. *All information relating to the NO_x Offset Requirements pursuant to Paragraph 121.*
- I. Compliance status with Paragraphs 50 through 68 – NO_x Emissions and Monitoring, and Surrender of NO_x Allowances.**
- a. **Paragraph 50** – On June 24, 2010, Westar timely completed and implemented a plan to optimize NO_x emission reductions from the existing Low NO_x Combustion Systems on JEC Units 1 and 3. Optimization will begin during Fall 2010 with the installation of automation equipment on Unit 3 to prepare the Unit for a future neural network installation. Neural network systems will be installed on JEC Unit 1 in 2012 and JEC Unit 3 in 2013. A neural network is boiler control system that has the ability to reduce NO_x emissions.

- b. **Paragraph 51** – Westar is preparing to install a Low NO_x Combustion System on JEC Unit 2 during an upcoming, Spring 2011 maintenance outage and is on schedule for this installation
 - c. **Paragraph 52** – Westar continuously operated the existing Low NO_x Combustion Systems on JEC Units 1 and 3 at all times the Units were on-line during the Report Period.
 - d. **Paragraph 53-54** – Westar is on schedule to install and commence continuous operation of an SCR on one of the JEC Units no later than December 31, 2014.
 - e. **Paragraph 55** – On June 24, 2010, Westar engaged Segal, Inc., an engineering firm located in Overland Park, KS, to assist Westar in testing, evaluating, and analyzing other NO_x reduction technologies for JEC, including SNCR. This evaluation was ongoing during the Report Period. Westar anticipates continued evaluation of alternate technologies in Fall 2010 and in 2011.
 - f. **Paragraphs 56, 57, 58, 59, 61, 62, 63, 64, 65, 66, 67 and 68** – These paragraphs contain future compliance requirements beyond the Report Period. No compliance related information is available and necessary to report at this time.
 - g. **Paragraph 60** – Westar was in compliance with the use of NO_x Allowances requirements in Paragraph 60 during the Report Period.
- II. **Compliance status with Paragraphs 69 through 81 – SO₂ Emission and Monitoring, and Surrender of SO₂ Allowances.**
- a. **Paragraph 69** – USEPA Region VII and the Kansas Department of Health and Environment agreed during Westar's initial kick-off meeting that the compliance date for the Plant-Wide 12-month rolling tonnage limitation for SO₂ could begin on the first of the calendar month in order to allow for the monthly calculation. Therefore, Westar will first demonstrate compliance on June 1, 2011.
- Westar began monitoring and recordkeeping for the Plant-Wide 12-month rolling tonnage limitation for SO₂ on June 1, 2010. Westar began timely complying with the Plant-Wide 12-month rolling tonnage limitation for SO₂ on June 24, 2010 (Ninety days after Consent Decree entry). Westar anticipates being in compliance with the Plant-Wide 12-month rolling tonnage limitation on June 24, 2011, twelve months after the date of commencement of the limitation pursuant to paragraph 177.

- b. **Paragraph 70** – Westar began continuously operating FGDs on all three Units on June 24, 2010, ninety days after entry of the Consent Decree. On May 25, 2010, Westar began SO₂ monitoring and recordkeeping in order to develop the 30-Day Rolling Average Unit Emission Rate for Units 1, 2 and 3. On June 24, 2010, Westar began maintaining a SO₂ 30-day Rolling Average Emission Rate for each Unit of no greater than 0.070 lb/mmBtu. Attachment A contains the SO₂ 30-Day Rolling Average Unit Emission Rate for Units 1, 2 and 3 from June 24, 2010 through June 30, 2010.
- c. **Paragraph 71** – On June 24, 2010, ninety days after entry of the Consent Decree, Westar began operating each FGD at all times in which the Unit was operating, consistent with the technological limitations, manufacturers' specifications, and good engineering and maintenance practices for the FGDs to minimize emissions to the extent practicable.
- d. **Paragraph 72** – Westar was in compliance with the use of SO₂ Allowances requirements in Paragraph 72 during the Report Period.
- e. **Paragraph 80** – On May 25, 2010, Westar began using SO₂ continuous emission monitors (CEMs) in accordance with Paragraph 80 in order to calculate the SO₂ 30-Day Rolling Average Unit Emission Rate for each Unit. Attachment B contains all hourly SO₂ data for which the bias adjustment factor has been excluded.
- f. **Paragraph 81** – On June 1, 2010, Westar began using CEMs in accordance with Paragraph 81 to calculate the Plant-Wide 12-Month Rolling Tonnage limitation for SO₂.
- g. **Paragraphs 73, 74, 75, 76, 77, 78 and 79** – These Paragraphs contain future compliance requirements outside of the Report Period. No compliance related information is available and necessary to report at this time.

III. Compliance Status with Paragraphs 82 through 87 – PM Emission and Monitoring.

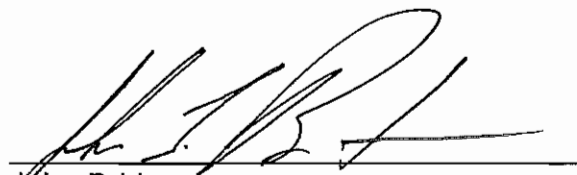

- a. **Paragraph 82** - On April 25, 2010, Westar began operating each ESP and FGD system on each JEC Unit to maximize the PM emission reductions at all times when the Units were in operation. Westar maintains power levels to each ESP section and operates automatic control system on each ESP to assure that the plate-cleaning and discharge-electrode-cleaning systems and associated performance parameters, including cycle time, cycle frequency, rapper-vibrator intensity, and number of strikes per cleaning event, maximize the overall PM collection efficiency. Westar also conducted inspections and repairs during a Unit 3 outage.

- b. **Paragraphs 83, 85, 86 and 87** - These Paragraphs contain future compliance requirements outside of the Report Period. No compliance related information is available and necessary to report at this time.
 - c. **Paragraph 84** – In addition to continuously operating the ESPs and FGD system at each JEC Unit, Westar operated the Units to achieve a PM emission rate of no greater than 0.030 lb/mmBTU, which will be demonstrated by stack testing required in future Report periods.
- IV. **Compliance Status with Paragraphs 88 and 91 – all data recorded by PM CEMs, and all periods of monitor malfunction, maintenance and/or repair.**
 - a. **Paragraphs 88 and 91** - These Paragraphs contain future compliance requirements outside of the Report Period. No compliance related information is available and necessary to report at this time.
- V. **All information related to Super-Compliant NO_x and SO₂ Allowances that Westar claims to have generated in accordance with Paragraphs 64 and 76.**
 - a. **Paragraphs 64 and 76** - These Paragraphs contain future compliance requirements outside of the Report Period. No compliance related information is available and necessary to report at this time.
- VI. **All information indicating that the installation and commencement of operation for a pollution control device may be delayed.**

During this Report Period, there were no indications of any delays of the installation or operation of any pollution control devices required by this Consent Decree.
- VII. **All information relating to the NO_x Offset Requirements pursuant to Paragraph 121.**

These Paragraphs contain future compliance requirements outside of the Report Period. No compliance related information is available and necessary to report at this time.

This information was prepared either by me or under my direction or supervision in accordance with a system designed to assure that qualified personnel properly gather and evaluate the information submitted. Based on my evaluation, or the direction and my inquiry of the person(s) who manage the system, or the person(s) directly responsible for gathering the information, I hereby certify under penalty of law that, to the best of my knowledge and belief, this information is true, accurate, and complete. I understand that there are significant penalties for submitting false, inaccurate, or incomplete information to the United States.

John Bridson
